

Maximize your charitable impact!

Volunteer Outreach Program

Whether it's one hour or a dozen hours or more, our local charities can benefit from our time, as well as our monetary generosity. If you have a giving heart, some ability to share, and a little time, consider signing up for one or more activities to support:

- Parkside Elementary, serving Naples Manor
- St. Matthews House
- One time opportunities of need...
- Others on reverse side of this page, including your favorite charity!

Did you know that according to Independent Sector, the average value of a donated hour is \$22.14.

The impact we can have on our community by giving our time is significant! Please join us.

"When a little girl asked me to sit next to her on the school bus because 'she needed some girl time' I was happy to oblige. It wasn't until she told me her Mommy was in jail that I realized how much such a small effort on my part meant to her." Cindy

"Great working with Sandy and Donna and kitchen help at St. Matthews!!!" Jackie
