

Wine Tasters of Naples

Volunteer Interest Indicator

Note: WTN keeps our forms and processes very simple. Each organization has their own application forms, volunteer screening processes, and systems they use to make good matches of volunteers to tasks. WTN makes no attempt to do that for our outside organizations. We only ask that you report back your hours of service on a monthly basis for our records. If you are already volunteering or choose to begin volunteering for an organization not on our list, let us know and we will include your hours as well! By returning this interest form you will also receive occasional e-mails about one time or short term volunteer opportunities as needs arise in our community.
